

Dani and Levi Blackburn have slid from being in trouble to borderline hell... They uncover hints of a dangerous conspiracy permeating the very foundation of their society. And people are disappearing, one by one... If it weren't for Levi's twisted-genius brother and Charmin Marvin, Dani's talking cat, they wouldn't have gotten this far. At least, not alive. Only they aren't far enough, because someone is still after Dani "and everyone connected to her. They need to find a way to expose the massive cover up- and fast" before they are eliminated. Forever.
