Its been said that when we look back over our lives, we are able to recognize the pivotal moments that in some way, shape, or form have led us to where we are today. When Jacqueline Carter is fifteen, she crosses paths for the first time with Seth Thomas, a young man who unwittingly alters the direction of her life forever. Jaq plans to break-up with her boyfriend on her sixteenth birthday. Instead, she is date-raped, and left emotionally broken. She builds a wall around her heart and begins spiraling downward on a road filled with drinking, drugs and physical abuse. When Seth re-enters her life a few years later, the walls around her heart slowly come down and the two of them fall in love. Unfortunately, sometimes, fate has other ideas, and were forced down a different road from which we initially set out.
