

There's no place for that here. The past that they'd hoped to outrun has chased them down, and now it wants payback. To appease their debtors, they must delve into Rushe's own history. As they come face to face with the situation that brought them together in the first place, Flick learns more about the man who she's pledged her heart, and her body, to. When danger encroaches, Flick will resort to whatever measures are necessary to achieve their goal, but could that mean sacrificing their relationship?
