

Ghosts, Inc. â€“ where the paranormal is normal! Justin Grant has the world at his feet. Trailed by paparazzi and lusted after by women across the globe, the public face of Ghosts, Inc., the paranormal investigation agency where he works, is also about to become the star of the Alternate Reality Channelâ€™s newest TV show. Everything is just about perfect. Until he meets Rose, a woman destined to turn his world upside down. Rose Morgan is head over heels in love â€“ with Justin, the man she firmly believes is the reincarnation of her long-dead husband, James. The only problem is, Rose is a ghost! Trapped in her ancestral home, she and Justin meet when his team is called in to investigate her home one hot summer night. Conflicted and confused, they must work together to figure out why Rose is stuck in the past, unable to move on to the Other Side, all the while trying to fight their intense attraction to each other. Only, things arenâ€™t exactly as they seem and maybe Justin isnâ€™t quite the man Rose thinks he is. This novel is approximately 86,000 words, is written in the modern, adult romance style and is paranormal in nature. It may not be appropriate for younger audiences. It does not contain vampires, werewolves or other such creatures and instead focuses on more traditional paranormal phenomenon.
