

Could he truly handle not being at the top in the business world anymore? Grayson Rane kept asking himself that same question over and over after Director Enterprise brought his once successful twelve year business Rane Technology. He packed up and moved from Boston to a new town he didn't care about at all until he meet her. Kendra Winstead had only one thing on her mind that was work, work and of course more work which was why she was downstairs doing her laundry late at night when she meet her new, drop-dead gorgeous neighbor Grayson. Grayson loved everything about Kendra until he found out her secret. Would he be able to handle it or could it drive him away?
