

Forced to join her family for the holidays, Haily settles down to a tropical cruise with too much alcohol and not enough company. While her sisters are trying to find their matches in the highest ranking magical families, Haily gets the buffet. Knocked into the ocean by chance, she finds herself surrounded by sharks and trapped in a war that revolves around her. Shocked into using her powers for the first time, she grows gills, rides sharks and masters a magic that she didn't know she had. Loki is the shark shifter Alpha and he takes Haily under his fin, showing her that she has nothing to fear about using her talents underwater, and that this is where she was designed to be. In the water, at his side. Enjoy this Yuletide tale with sexy sharks, deadly dolphins and a water magus who learns to be herself in the nicest way.
