

A few stolen intimate moments shared with a nameless beauty present a challenge no cowboy can resist. Book 3 of the Corralled Series Jesse Powers feels like a fish out of water when he leaves the ranch and jumps feet first into the shark infested waters of big business wheelers and dealers. Homesickness rides the cowboy hard until a fiery uptown girl captures his interest and lassos his heart. Kate Brooks has a plan shes reluctant to deviate from. A strategy for climbing the ranks as a graphic artist and starting her own company. She certainly cant afford to let her rigid control slip and give into the distraction presented by her hunky, peeping tom neighbor no matter how great the temptation. They both like to be in control, sharing only one common ground sex. Kates willing to submit to the right man in the bedroom, and Jesse may be that man. Warning, this book contains lots of Yeehaw hot cowboy sex, including voyeurism and exhibitionism, told in contemporary, graphic language.
