

A sensual, sexy, standalone romance novel in the New York Times and USA Today Bestselling Seductive Nights Series by Lauren Blakely... Jack Sullivan is a Sex Toy Mogul. An extremely eligible bachelor in New York, he's the full package, right down to his full package. Hell, this man could be the model for one of the toys his company, Joy Delivered, peddles. Instead, he's the powerful and successful CEO and he's got commitment issues a mile-long after the tragic way his relationship with his fiancée ended. He's looking for a way to erase the pain and that arrives in the form of Michelle Milo. From her pencil skirts to her high heels, she's his perfect fantasy, especially since she has no idea who he is the night they meet at a hotel bar. He doesn't have a clue either that she's the brilliant psychologist his sister has arranged for him to see to help him get over his past. She's simply the stunning woman he takes to bed that night and delivers many Os of joy too. His touch helps her forget that other man. When he shows up at her office door the next day, there's no way in hell she's going to treat him after they've slept together. Jack isn't willing to let go of the first woman he's felt anything for in years so he proposes a deal – share her nights with him for thirty days. At the end of one month of exquisite pleasure, they walk away, having helped each other move on from their haunted pasts. But soon, all those nights threaten to turn into days as the lines between lust and matters of the heart start to blur. Can two people so terribly afraid of love truly fall head over heels? Nights with Him is a standalone full-length novel in the bestselling Seductive Nights series following the love affair of a new couple
