

Alone without friends or family to comfort her after the death of her mother, Willow Finley's idyllic life is over and just beginning. When Willow Finley awakes on a hot summer morning, she is unprepared for the grief that awaits her. Jerked from a life of isolation with her mother, Willow learns what alone really means when she finds her mother still in her bed, never to awaken again in this life. From the moment Willow arrives in the police station with her startling announcement, Chad Tesdall fights the friendship he knows he can't avoid. This collection of the first five episodes of Past Forward starts with Willow's life-changing discovery and gently guides the reader through aspects of her life--the past weaving through the present and into the future. Experience her first morning in church, her first movie, and the culture shock of her first trips to the city. A birthday party and a street fair add welcome diversion from butchering, canning, and the beating of area rugs. Disaster strikes. Will she be able to continue her life, or will an offer in the city change it all? Find out in this first volume. Follow as Willow's story unfolds past forward.
