

Officer Shane Caldwell responds to a routine end of shift call with some annoyance, but when she tackles and handcuffs her ex-lover and the father of her son, things turn hot in a flash. Four years before, Quinn Scott disappeared to make his fortune, and she hasn't heard a word from him. As his touch ignites old passions, Shane is torn between telling him about the son he's never known, and protecting young Jackson's heart from the man who walked away without a backward glance. When Shane storms back into his life, Quinn isn't surprised by the incredible attraction which sparks between them. He wants to take up where they left off, but years of lies and unexpected betrayals from family and friends endanger his Thoroughbred breeding operation and his dreams of a future with the woman he never really left behind. Will old prejudices separate them again or can love grow stronger the Second Time Around?
