

[Vivian Vaughan]'s knowledge of...Texas is phenomenal...a double bonus for history buffs and Western romance readers. "INSIDE BOOKS Marina Cafferty must ensure the stability of her family's Texas ranch all at costs. But she didn't think that included salvaging the remains of her grandfather's ship" at the bottom of the Gulf of Mexico. The gold still hidden within the wreckage could pay off the taxes on Los Olmos for years to come, but the danger could prove mortal. Rafe Santana won't let a national treasure like the one hidden on Gideon Duval's ship fall into the hands of some scheming American, not even if those hands belong to Gideon's own granddaughter. But if Rafe wants to keep the gold in Mexico, he'll have to let Marina lead him to it first. Neither Marina nor Rafe expect to find themselves sinking into an ocean of desire that runs deeper than the gold at the bottom of the sea. Before long, they may find the only treasure they ever need is one another.
