

Kids can now be engaged in Bible reading and study as never before, seeing scenes from the Bible literally pop off the page via a free downloadable app that lets them view the images in an augmented reality format, as well as listen to narration of the event. This full color, fully designed Bible includes features to help kids experience the Bible including call outs of key Bible stories, definitions, memory verses and more, all designed to get kids digging into and learning the Bible for life. Together kids and parents can enjoy the Christ Connections and Big Questions and Answers call outs that show Gods story unfolding from the beginning of time and how we fit into his plan. This meets children in the visual world they are so accustomed to, bringing Bible pages to life. Over 400,000 individual participants, 40,000 plus groups, and 7,000 plus churches have already started their journey with LifeWays Gospel Project, making this the perfect companion for the Gospel Project for Kids curriculum. This is part of the Big Picture brand, which includes The Big Picture Interactive Bible Storybook, The Big Picture of What God Has Always Wanted, and The Big Picture: Making God the Main Focus in Your Life. Augmented reality narrations by Jenna Lucado.
