Dr. Riley Uglum is the founder and CEO of Promethean Ventures. He founded the company in 2009 with the goal of helping private practice health care practitioners understand and combine time tested wealth creation tools with systemic health care strategies so they can be free to live the life they choose. A 34-year veteran of the optometry profession, Dr. Uglum is also President of Eye Care Associates of New Hampton, a highly systemized business that operates out of a modern facility and sets the standards for what an optometry practice should look and act like. It operates well beyond the realm of traditional practice management techniques by combining advanced financial strategies with systemic entrepreneurial wisdom. He has co-authored a book titled *The E-Myth Optometrist* with Michael E. Gerber, published in spring 2011, and is a Michael E. Gerber Partners Company author and founding partner.
